In order to provide additional recognition for those students who have a record of academic excellence throughout the first seven (7) semesters in their high school career, El Rancho High School has established the award of the **EL RANCHO HONOR CREST AWARD**. This award shall be affixed to the diplomas of such students. To receive this award, students must be on track to fulfill the A-G criteria and have earned 3.333 grade point average or above for all course work from 9th grade through the end of the first semester in 12th grade.

Admission Requirements for Higher Education
UNIVERSITY OF CALIFORNIA
CALIFORNIA STATE UNIVERSITY

Subject Requirement

A student applying for admission as a freshman to the University of California must have completed a minimum of fifteen units of high school work during grades 9 through 12. (A one-year course is equal to one unit; a one-semester course is equal to one-half unit).

Fifteen of these required units must have been earned in academic or college preparatory courses, as specified and defined below. Also, at least seven of the fifteen units must have been earned in courses taken during the last two years of high school.

(Specific “a through g” course requirements)

a. History/Social Science: 2 years.

Two years of history/social science to include: One year of U.S. history or one-half year of U.S. history and one-half year of civics or American government; and one year of world history, cultures, and geography.

b. English: 4 years.

Four years of college preparatory English--composition and literature (All English Courses must require frequent and regular practice in writing expository prose compositions of some length. Also, not more than two semesters of ninth-grade English will be accepted for this requirement.)

c. Mathematics: 3 years required; 4 recommended.

Three years of mathematics--elementary algebra, geometry and intermediate algebra (Mathematics courses taken in grades 7 and 8 may be used to meet part of the requirement if they are accepted by the high school as equivalent to its own courses.)

d. Laboratory Science: 2 years required; 3 recommended.

Two years of laboratory science providing fundamental knowledge in at least two of these three areas: biology, chemistry, and physics. Lab courses in earth/space sciences are acceptable if they have as prerequisites or if they provide basic knowledge in biology, chemistry, or physics. Not more than one year of grade 9 lab science can be used to meet this requirement. CSU require one course in biological and one in physical science.

e. Language Other than English: 2 years; 3 recommended.

Two years of one foreign language in courses that provides instruction in grammar, vocabulary, reading, and composition and that emphasize the development of aural and oral skills. (Foreign language courses taken in grades 7 and 8 may be used to meet this requirement if they are accepted by the high school as equivalent to its own courses.)

f. Visual/Performing Arts: 1 year.

g. College Preparatory Electives: 1 year.

One year, in addition to those required in “a through f” above, to be chosen from at least one of the following subject areas: history, English, advanced mathematics, laboratory science*, foreign language, social science, and fine arts. (In general, elective courses should involve considerable reading and should aim to develop a student’s analytical and reasoning ability and skill with written and oral exposition.)

Courses satisfying the “g” requirement.

History and English: Elective courses that fit the general description in “g” above are acceptable.

Advanced Mathematics: Trigonometry, analytic geometry, linear algebra, pre-calculus (mathematical and analysis), calculus, statistics, computer science, and similar courses are acceptable.

Courses containing significant amounts of material from arithmetic or from shop, consumer, or business mathematics are not acceptable.

Laboratory Science: Courses in the biological and physical sciences are acceptable.

Language Other than English: Elective courses may be in either the same language used to satisfy the “e” requirement or in a second foreign language. If a second language is chosen, however, at least two years of work in that language must be completed.

Social Science: Elective courses that fit the general description in “g” above are acceptable. In addition, these courses should serve as preparation for lower division work in social science at the University. Courses of an applied service or vocational nature are not acceptable.

Fine Arts: Elective courses in fine arts should enable students to understand and appreciate artistic expression, and to talk and write with discrimination about the artistic material studied. Courses devoted to developing creative artistic ability and courses devoted to artistic performance are acceptable. Courses that are primarily recreational or are offered under physical education are not acceptable.

Scholarship Requirement

In calculating an applicant’s grade point average for admission, the University of California will use only the grades earned in the “a through g” courses (described above) taken in grades 10 through 11. These grades are counted as follows: A=4 points, B=3 points, and C=2 points. The Cal State University will use the grade point average in the “a through g” courses in grades 10-12.

1. An applicant must have earned a grade of “C” or better in all high school courses used to satisfy the “a through g” requirements.
2. The University wants to encourage students to take demanding, advanced academic courses in high school. All University of California approved Honors courses, A.P. courses, and college courses in the “a through g” college prep subjects that are transferable to the University are given extra weight in computing the grade point average for admission. Grades in honors courses will be counted as follows: A=5 points, B=4 points, and C=3 points. To be counted, these grades must have been earned in honors courses in history, English, advanced mathematics, laboratory science, and foreign language.

Courses in these subjects designed to prepare students for the Advanced Placement Examination of the College Board are examples of honors courses.

NOTE: In the context of this requirement, “certification” of honors courses is meant to be the process followed in the usual articulation agreements between high schools and the University of California. Also, this requirement pertains only to the grade point averages used by the University for the admission of freshman applicants; it should not be interpreted as a recommendation either for or against high schools adopting a similar procedure.

College Admission and Examination Requirements

All freshman applicants must submit scores from the College Entrance Examination Board Test listed below:

1. Scholastic Aptitude Test or American College Testing (the verbal and mathematics scores must be from the same sitting.)
2. Two (2) Subject Tests in two different areas, chosen from the following: History, Literature, Math (level 2 only), Science, or Language other than English.

COMMUNITY COLLEGE

Admission Requirement:

- a. High School Diploma, or
- b. Eighteen (18) years of age

Examination Requirement

No entrance examination is required for admission to a community college (Rio Hondo, East LA, Cerritos, etc). The CEBT will serve as the placement test for the English courses. All students are required to take an assessment test in English, reading, and math for placement in classes.

PRIVATE COLLEGES AND UNIVERSITIES

Most private colleges and universities require strong academic preparation. Complete information related to college admissions, scholarships, and advanced placement is available from the College Counselor in the College and Career Center.

WORK PERMIT ELIGIBILITY

A. INITIAL SCHOLASTIC ELIGIBILITY

In order to be eligible, any student entering from the eighth (8th) grade into a four year high school must have achieved a 2.0 grade point average on a 4.0 scale in enrolled courses at the conclusion of the previous grading period.

1. PROBATIONARY PERIOD

The governing board of each school district may adopt, as part of its policy, provisions that would allow a student who does not achieve the above requirement in the previous grading period to remain eligible to have a work permit during a probationary period. The probationary period shall not exceed one semester in length, but may be for a shorter period of time, as determined by the governing board of the school district. A student who does not meet the above requirements during the probationary period shall not be issued a work permit in the subsequent grading period.

If it is determined that a student be issued a work permit during the probationary period, letters of notification will be sent to parent/guardian and employer notifying them that the student has entered a probationary period. During the probationary period, the student will have the opportunity to meet the qualifying standards for a work permit that will allow the permit's probationary status to be removed. However, failure to meet the minimum requirements by the end of the probationary period will result in the immediate revocation of the work permit.

B. CONTINUING SCHOLASTIC ELIGIBILITY

In order to be eligible, any student entering from the eighth (8th) grade into a four year high school must have achieved a 2.0 grade point average on a 4.0 scale in enrolled courses at the conclusion of the previous grading period. The student was passing in the equivalent of at least 20 semester credits of work at the completion of the most recent grading period.

1. MINIMUM REQUIREMENTS

A student is scholastically eligible if:

- (a) The student is currently enrolled in at least 25 semester credits of work.
- (b) The student is passing in the equivalent of at least 25 semester credits of work at the completion of the most recent last regular grading period.
- (c) The student is maintaining minimum progress toward meeting the high school graduation requirements as prescribed by the governing board.
- (d) The student has maintained a minimum 2.0 grade point average on a 4.0 scale in all enrolled courses during the previous grading period .
- (e) The student must demonstrate good attendance and student cannot have any truancies in their attendance record for that year.

2. GRADING PERIOD

The grading period is that time when all students in a school are graded. If two grades are given at the end of a grading period, scholastic eligibility shall be established according to the grade given for credit.

3. **INCOMPLETE GRADES**

A grade(s) of "Incomplete" shall not be considered a passing grade under this bylaw unless, by operation of a school grading policy, said "Incomplete" grade shall become a passing letter grade without further achievement or accomplishment by a student at a certain time.

When an "Incomplete" grade is issued, which does not automatically become a passing grade, as indicated immediately above, such "Incomplete" grade shall not satisfy the requirement until the academic deficiency, which gave rise to such "Incomplete" grade, has been satisfied and a passing grade has been substituted for the "Incomplete" grade. Upon such substitution, the substituted grade shall be considered in determining scholastic eligibility by evaluation of previous grading period grades and the substituted grade. A scholastically ineligible student may become immediately scholastically eligible upon such evaluation.

C. REVOCATION OF WORK PERMIT

If at the conclusion of the probationary period a student has failed to meet the minimum standard of a 2.0 grade point average needed for maintaining a work permit, the immediate revocation of the work permit will occur.

If a work permit is revoked, a student may be eligible to obtain another work permit during the following grading period if the student meets the minimum standard of a 2.0 grade point average. A student will not be eligible to enter into a Probationary Period following a revocation. A student who does not meet the minimum requirements will not be issued a work permit.

Activities Office

Notice to Parents Regarding Student Fines

El Rancho High School is dedicated to providing our students with quality materials and a working environment that provides every student the opportunity to maximize their high school experience. In doing so, ERHS property is often issued to students in the form of textbooks, library books, uniforms, equipment, etc. Once issued, this property is the responsibility of the students and, ultimately, the parents/guardians. Students are expected to return all issued property at the conclusion of their enrollment in each class or activity. Items that are not returned will be considered lost and result in a fine being placed on the student's record. Fines will be issued for items that are unreasonably damaged.

Any questions regarding fines may be directed to the Business/Activities Office during the hours of 7:30AM-3:30PM. Fines can be paid at our Cashier's window, 30 mins before school, during lunch, and after school until 3:30 p.m. (Min Days until 1pm) or on The Don Page, at any time. The Business/Activities office will accept payments via cash, cashier's check/money order (made payable to *El Rancho High School*), and VISA/Mastercard with matching photo ID. If there is a dispute regarding a fine, a formal conference may be requested by contacting the Business/Activities Office.

Students with unpaid fines will jeopardize their participation in any school related activity including, but not limited to, the following: athletics, cheer, ASB Commission, band, drama, school dances, home athletic events, graduation activities, etc. In addition, those who have fines on their record will not receive their diplomas or transcripts until they are in good standing with the Business/Activities Office.

With your help, ERHS can continue to provide our students with a positive environment and quality materials that will no doubt make their high school experience an enjoyable one.

Thank You,

April Leal, Assistant Principal

THE PERSONAL RESPONSIBILITY OF AN EL RANCHO HIGH SCHOOL STUDENT

As a student of El Rancho High School, you are expected to be aware of and to accept your individual responsibilities in the following areas:

THE TEACHING-LEARNING PROCESS

You deserve the best instruction that El Rancho High School is capable of providing. For the efforts of the teachers to be as successful as possible and for you to work and achieve to the best of your ability, you must cooperate with the teachers. Teachers facilitate the process of learning in the minds of the students. Learning is a natural process and unless students work at gaining knowledge and understanding "...no genuine learning ever occurs, no matter what teachers try to do to make it occur" (Adler).

RESPECT FOR THE RIGHTS OF OTHERS

Every right you have has attached to it an obligation. Your rights must be balanced against the rights of others, and their rights must be balanced against yours. In addition, the purpose of the school and the requirements of the educational process must be weighed in deciding who has a right to do what and what behavior needs to be punished. That is why our society has laws and why a school has rules. However, if you are one of those students who wants to take full advantage of your rights and opportunities at this school, while at the same time respecting the rights of others, we at El Rancho High School will support and help you.

RESPONSIBILITY FOR YOUR OWN ACTIONS

You will be held responsible only for the things YOU do or fail to do. What others do or do not do is of little importance in determining whether you have accepted your responsibility as a student-citizen of El Rancho High School. If you choose to follow bad examples set by a few of the other students at El Rancho High School, you will be held responsible for your own actions and your actions only. The decision will be yours and so will the consequences. Your first responsibility, then, is to decide how you should conduct yourself while you are at school. Your second responsibility is to be prepared to accept the consequences of your actions.

El Rancho High School HONOR CODE

Cheating is defined as, but not limited to, the following:

- Copy or allow any assignment to be copied by any method
- Use any unauthorized aid on quizzes, tests, or exams
- Steal, possess, or view a copy of a test beforehand
- Give or receive help on a test
- Take someone else's work and submit it as yours – PLAGIARISM
- Scan, alter, or forge any school document

Anyone found to be violating the HONOR CODE will be dealt with on an individual basis and may receive any of the following consequences from teacher and/or administrator:

- Automatic "F" (failure) on the assignment(s) or test(s)
- Parent conference
- Referral placed into student's file
- Student removed from any and all elected or appointed leadership positions for the remainder of the semester or school year
- Student removed from all extracurricular activities for the remainder of the semester or school year
- Disciplinary actions may be taken.

ATTENDANCE OFFICE

EVERY DAY COUNTS in your child's education. Every day a student misses school, he/she falls more than two days behind his/her peers. Every day a student is in school, he/she raises his/her chances to score well on tests, participate in school sponsored activities, and become a responsible member of the El Rancho High School Student Body. It is your child's duty and responsibility to be involved, which begins with being **Present and On-Time Every Day**.

In a coordinated effort to improve attendance, El Rancho High School requires good attendance to participate in all school related activities. Excessive absences and/or tardies may result in the loss of participation in Athletics, Cheer, Pepsters, ASB Commission, Band, Drama, school dances, home athletic events (football games etc.).

Please remember to:

- Make sure your child comes to school **Every Day - On Time**.
- Schedule doctor's appointments after school hours.
- Plan your family vacations during school breaks and holidays.

By understanding and promoting that **Every Day Counts**, together we can continue making positive steps forward – leaps in terms of your child's future.

CLOSED CAMPUS POLICY

El Rancho High School is a "**Closed Campus**." Students are not permitted to leave the school grounds at any time during the school day without a permit issued by the Attendance Office or Administration. When applying for a permit to leave campus, students should present a note from their parents or guardians to the Attendance Office by 8:30 a.m. It is the student's responsibility to check out with the Attendance Office before they leave campus. Failure to follow proper procedures may result in an unexcused absence, truancy, and/or citation.

VISITOR POLICY

In order to register, visitors shall, upon request, furnish the following information:

Although verbal and written requests are acceptable, ERHS prefers that requests or invitations be submitted via email and presented upon check in.

Any visitor may be refused entry or directed to leave school property if his/her presence or actions can be reasonably deemed a disruption of school activities. When an individual is directed to leave under the above mentioned circumstances, they may be informed he/she will be guilty of a misdemeanor if they choose to re enter any district facility within 30 days after being directed to leave. If the individual who was directed to leave is a parent/guardian of the student attending ERHS, this period is reduced to 7 days.

ABSENCE/TARDY CATEGORIES FOR STUDENT ATTENDANCE

Pupils aged 6-18 are required to attend school full-time, with regular and punctual attendance. Schools are required to enforce this compulsory attendance law. When children are absent the entire school day, the reason must be identified and recorded as either excused or unexcused. Excused absences are compliant with the compulsory attendance law; unexcused absences are noncompliant and subject to truancy law after three incidents. More than five (5) absences or five (5) tardies in a school semester is considered excessive. It is the responsibility of parents to notify the Attendance Office immediately of all absences.

Excessive absences and/or tardies may result in the loss of participation in Athletics, Cheer, Pepsters, ASB Commission, Band, Drama, school dances, home athletic events (football games, etc.).

SEMESTER ABSENCE, TRUANCY and TARDY POLICY

1. Teachers may fail pupils who are absent 25% (22 absences) during a semester and do not have a doctor's excuse or an administrator's exemption due to an emergency. Students whose absences exceed 22 must continue to attend the class despite the failing grade.
2. Students who accumulate excessive absences may be referred to SART (Student Attendance Review Team). A meeting will be held with Administration and assigned counselor who will address the student's attendance during a meeting with the student and his/her parent or guardian. If a parent/guardian changes jobs, the Attendance Office should be informed of the new work phone number immediately.

OFF-CAMPUS PERMITS

Off-campus permits are issued for medical appointments and personal matters that cannot be handled after school hours. Students show their off-campus permit to teacher and leave at specified time. There are 3 ways to obtain this permit:

b) A parent/guardian may **pick up the student in person** that has not presented a note to the Attendance office. Parent needs to arrive **1hour** prior to the appointment time.

(Education Code, §48260.)

- A student may lose (at teacher's discretion) the privilege of making up missed work as a penalty for truancy.

- If a student is truant for any part of the school day, LASD or School Police Officer may issue truancy citation.
- Truancies will affect citizenship and may affect academic grades.

THE BANNED LIST

What is the Banned list? The banned list is a report generated by the Student Services Office that determines student eligibility for after school events.

How does a student end up on the banned list? A student ends up on the ban list for two main reasons. The first is if the student is tardy to class more than eleven times, so on your twelfth time, you are banned. The second main reason is if you have six or more period trancies.

What is a truancy? Students get a truancy when they do not go to any class and their parents do not excuse their absence. For example, if you are sick and you forget to have your parents clear your absence, you would get a full day of period trancies, and be banned. So it is essential that your parents clear your absences. (They have twenty days to do so) You will also earn a truancy if you ditch or miss any class for **any reason that is not excused.**

Is the Banned list permanent? If a student is placed on the ban list he or she can still go to any event as long as:

- 1) By the week before the event the student has cleared their truancies, so that they are under 6 period truancies.
- 2) By the week before the event the student has cleared their tardies and are under 12 tardies.
- 3) Tardies and truancies DO NOT reset at the beginning of the second semester. They are with you all year.

How does a student know if they are on the banned list? Students should keep track of their own tardies and truancies on Student Portal. Truancies are labeled as 'T' on the attendance page. Tardies are labeled as both 'L' (less than 30 minutes) and 'M' (more than 30 minutes) on the attendance page.

How does a student make up truancies and tardies? Students are able to make up their truancies and tardies by:

- 1) Attending Saturday school for:
 - a) Normal Saturday School (10 tardies or 6 truancies cleared)
 - b) Saturday School Enrichment - Teacher held to help students with the classes. Determined if and when by classroom teachers. (10 tardies or 6 truancies)
 - c) AAIP - Tuesday/Thursday after school detention - (2 tardies-0 truancies)
 - d) After School Campus beautification - On case by case basis, 2 tardies cleared per 45 minutes worked. Only available with prior approval from student services.
 - e) Athletics, held on Saturday do NOT clear tardies. They will continue to clear truancies.

HOMEWORK REQUEST

Parents may request homework for pick up from their child's teachers as long as the request is put in **24 hours ahead of time**. The homework is requested at the Student Services Office and may be picked up after the 24 hour notice. No same-day requests will be granted.

UNASSIGNED/OPEN PERIOD(S) DURING SCHOOL DAY

Students who have unassigned/open periods at the beginning or end of the school day must leave the school campus. These students must be in possession of student ID and open period/off campus pass at all times. Loitering is prohibited on school grounds.

FLOWERS, BALLOONS, FOOD ITEMS, AND OTHER DELIVERIES

Students ***ARE NOT*** permitted to bring balloons, flowers, food items, beverages and baked goods (cakes, cupcakes etc.) to school at any time. **Flowers, food items, beverages and baked goods *WILL NOT* be delivered to students during school hours. *Money can be delivered to the attendance office only.**

PLEASE DO NOT DELIVER ANY ITEMS THROUGH THE GATES. SUCH ITEMS WILL BE CONFISCATED.

ACTIVITIES AND DANCE POLICIES

Students interested in participating in school sponsored events or extracurricular activities (Winter Formal, Prom, etc.) must complete a clearance form through the Student Services Office and the Business/Activities Office. All requirements from each office must be met before clearance is given and students are allowed to purchase tickets.

All students are encouraged to participate in school planned activities. School planned activities include but are not limited to: school dances, Winter Formal, Prom, athletic events, field trips and Graduation Commencement. **Because school planned activities are considered a privilege, student must be in good standing at ERHS. Good standing for this purpose can mean that the student: has good and regular attendance, does not have excessive tardies, and has satisfactory classroom and campus behavior.** Students who are truant as defined by Education Code 48620 and students who are suspended the day of the event will be denied admittance.

Activity Permits

Activity permits must be obtained 72 hours in advance of the activity from the activity supervisor, coach, club advisor, or teacher. Permits signed by parents and teachers must be returned to the activity supervisor. Teachers have the right to refuse permission for students to leave their class for activities.

Lost and Found

Lost items are turned into the Activities Office. Students may check in the Activities Office to claim lost items. Lost and found items not claimed will be given to a local charity.

Textbooks

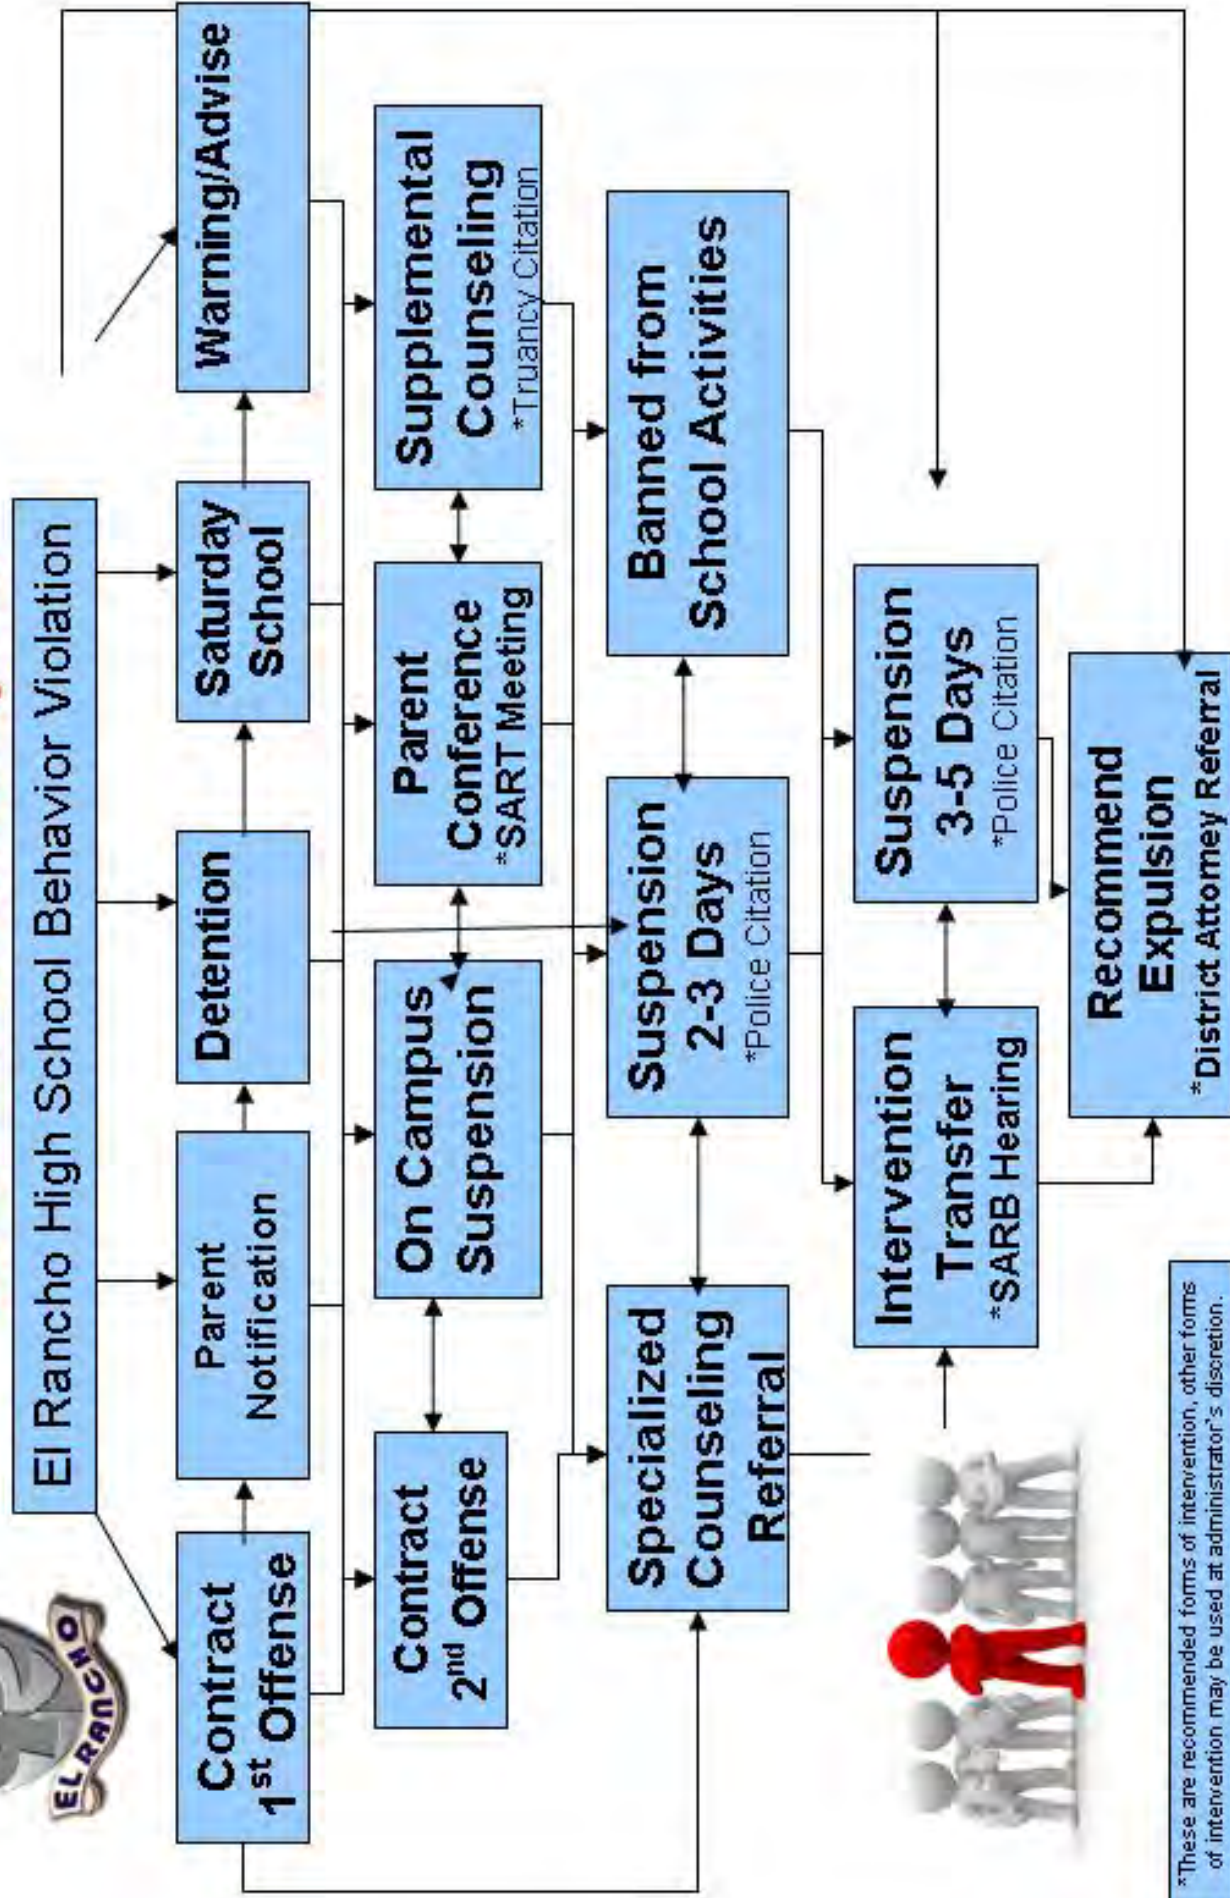

Students will be issued textbooks in core courses. It is the student's responsibility to care for the books properly and return them to teachers/Textbook Room at the conclusion of the course. Fines will be levied for damaged or non-returned books. In addition, students are often issued school property for other classes/activities, such as athletic or band uniforms. Failure to return school property will also result in a fine placed on student records. **Students will not receive their diplomas or transfer their transcripts until all fines are cleared.**

HEALTH SERVICES

Students are responsible for reporting all injuries that occur on school grounds. First aid treatment is given only for injuries occurring at school. When further medical attention is required, the school will contact parents so that they may take student to a family physician. If the injury requires immediate medical attention, paramedics will be called. It is imperative that the school has current phone numbers, both home and work, so emergency contact can be made. Please **DO NOT** block the El Rancho High School phone number as it may delay the office getting in contact with you. Students who become ill at school should report to the Health Office where parents will be contacted for permission to have the student leave school or to be picked up. Students who leave ill without going through the Health Office will be counted as truant and therefore unexcused.

*** STUDENTS ARE NOT TO CALL OR TEXT MESSAGE PARENTS FROM PERSONAL PHONES FOR PICK UP.**

El Rancho High School Behavior Intervention System

*These are recommended forms of intervention, other forms of intervention may be used at administrator's discretion.

SCHOOL BEHAVIOR, DISCIPLINE, POSSESSION POLICY

The purpose of the following school discipline policy is to state the standards of conduct that students and faculty deem necessary for an effective learning environment. To encourage this atmosphere and to encourage student achievement, emphasis is placed on **respect** for self and others, as well as responsibility for care of property. Disciplinary steps will be taken as appropriate.

- Every student must correctly identify himself/herself when asked to do so by any school employee and **must be in possession of a school I.D. card at all times.**
- Students are not permitted to possess, sell, and/or furnish any weapon, real or fake, or any dangerous object on campus or at any school event.
- Possession of and selling or intent to sell any controlled substance or “look alike” substance will not be permitted on campus or at any school function.
- Possession and/or use of any tobacco product, including lighters or matches, is not permitted on campus or at any school function at any time.
- Students are not permitted to have in their possession and/or ignite firecrackers, M-80s, other related explosives, or flammable materials on campus or at any school function. Stink bombs and “poppers” are prohibited.
- Students who tamper with fire alarms or fire extinguishers are subject to arrest, suspension, or possible expulsion.
- Even though an offense may not be listed in this handbook, students are expected to use common sense and good judgment. Logical consequences are determined by administration in all situations, published or not.

Disruptive Behavior Procedures

STEP 1: The teacher holds an individual conference with the student and explains appropriate classroom behavior and consequences that might occur if inappropriate behavior continues. The teacher records conference date.

STEP 2: The teacher will contact the parent via Teleparent.

STEP 3: 3rd infraction - The teacher assigns before or after school detention in classroom, contacts parent via telephone and makes notation.

VOLUNTARY STUDENT AND ATHLETIC ACCIDENT INSURANCE

2014-2015 School Year

Dear Parent or Guardian:

This is to inform you that the El Rancho Unified School District does not provide student and athletic accident insurance coverage for students. However, it does make available several insurance coverage plans through Student Insurance an independent insurance company. The El Rancho Unified School District recommends you consider purchasing some type of Student and Athletic Accident Insurance to protect your child in the event of an injury. The District takes appropriate steps to protect your child from injury; however, accidents can and do occur, even in safe environments.

In accordance with Education Code Section 49472, the District has made available for purchase, voluntary student and athletic accident insurance through the Student Insurance Company. The insurance provides broad coverage for **24-Hour, School-Time, Tackle Football, and Extended Dental**. If you prefer, you may contact an insurance company of your choice to review other available student accident insurance options.

IMPORTANT: All students participating in interscholastic sports (this includes cheerleaders, mascots, bands, drill teams, etc.) are required by the Education Code to have adequate accident/medical insurance. Tackle football coverage must be purchased separately from 24-Hour and School-Time coverage. District procedures require all interscholastic participants to certify accident/medical insurance coverage prior to participation. Even if you have medical insurance you may want to purchase the student and athletic accident insurance offered through the Student Insurance Company, to cover your private insurance deductible.

For 2014-2015: The application process will now be done online, and will allow parents to safely and securely transmit applications through one of the following methods.

- Direct online submission: through our secure web portal, www.studentinsuranceusa.com, you can complete your Student Accident Insurance application directly on our website. The applications for insurance will be effective immediately and a policy number and insurance card will be available right away. Detailed instructions are automatically provided to clients that want this option. This system is equipped to accept credit, debit, and e-checks for parent's convenience.
- Web "download": through our secure web portal, www.studentinsuranceusa.com, you can fill out and print your Student Accident Insurance application directly from our website. Parents who would like to send certified funds will continue to have the option to do so, we would need to receive the hard copy application and cashier's check or money order in our offices for the policy to be effective. Please consult Student Insurance, if you have any questions. The applications for insurance will be effective once received in our office and a policy number will be available once the application has been processed.
